

# MSOM Lunch and Learn Webinar Series

UNIVERSITY OF  
ARKANSAS

**Thursday, November 30<sup>th</sup>, at 12pm CST:**

## ***Connecting the Dots.... PMI Talent Triangle and Project Management***

*Presented By: Professor Leonard Nethercutt*

This webinar explores the relationship between the three knowledge areas in the [Project Management Institute's Talent Triangle](#) and the Project Management Certificate courses offered by the M.S. in Operations Management (MSOM) Program's Graduate Certificate Program in Project Management. The PMI Talent Triangle includes three knowledge areas:

1. Technical Project Management
2. Leadership
3. Strategic and Business Management

Research indicates that the three knowledge areas positively contribute to the success of project management and project managers. The Project Management Certificate is closely aligned with the PMI Talent Triangle knowledge areas through both required and elective courses. This session will review how the Project Management Certificate courses contribute to the development and improvement of the three knowledge areas in the PMI Talent Triangle. You will learn key points that can help you prepare for additional certifications and make you a better Project Manager.
